

Receiving letters like this one received by the staff at Montgomery Haven really makes the long hours truly worthwhile.

Afternoon Ladies,

I just wanted to thank the nursing staff and carers at Montgomery for the wonderful care my mother received whilst she was suffering with a full blown Urinary Tract Infection. They know that she gets very confused and is generally not her “normal” self and the care and nursing she received showed me that she was in very good hands!

I draw particular attention to EN Lerato who communicated with me every step of the way and Petra who basically fed, changed and catered to my mother’s every need.

I truly am grateful for the care my mother received.

Have a lovely afternoon.

Sincerely,

Roberta Levinson
