

Training for Change @ Summit Village

Summit Village had their first “Training for Change” workshop last Wednesday, 13th June.

There was a positive turnout and subsequently we have a few residents now using emails, internet banking and getting connected via WhatsApp..... a positive move in the right direction.

We will continue to have a monthly workshops with Jill Wheater to assist our “Before Computer” residents in learning how to use their cell phones and computers with the view to empowering them.

The charge for this training sessions is only R65.00 per person.

You're never too old to get “tech savvy” - Our oldest participant is 90.
