

## METHODIST HOMES FOR THE AGED FOUNDATION

---

We need a helping hand... your helping hand!

The MHA Foundation IT3998/94 was founded in 1994 with the sole purpose of providing financial assistance to MHA residents in need. For the past 20 years the Foundation's investment has grown steadily under the watchful eyes of the trustees and has been in a position to assist residents by annually distributing not less than 75% of its income from investments (after deduction of minimal administration costs such as Audit fees and Bank charges).

Over the last couple of years, the need for assistance has increased but the Foundation has been able to answer the call. Then came 2015, and for the first time we had to apply stringent filters to applications, as the applications for assistance exceeded the available funding.

The Foundation has exceptional management and governance in place thanks to a dedicated, involved Board of Trustees. They ensure that the investments are sound and growing at a steady rate, even in the current economic climate. But for the Foundation to stay in this strong position, the Board has realised that they need to build the fund more aggressively to prepare for the years ahead. The solution is to have an increasing capital base that will keep growing and therefore create the necessary income to meet the increasing level of requests for funding.

MHA residents are facing the same reality as the rest of the world where people live longer, pensions which were once thought to be more than enough to support them in their golden years of life, now have to last longer and support them financially both in terms of living costs and medical care in the last years of living. The Foundation would like to be in a financially sound position to ensure that it will be able to answer the calls of help when they arrive.

We would like to offer you the opportunity to join hands with our circle of friends at MHA who are as passionate as we are about the right to the quality of life every person deserves in the last stretch of life. Your contribution, whether once off or ongoing monthly support, will make it possible to lend a helping hand to our extended family members, when in need, for years to come.

If you would like to be part of the building of a continual, secure future, please complete the form below and send it back to [fundraising@mha.co.za](mailto:fundraising@mha.co.za) via email, or post it to Fundraiser, PO BOX 2434, Pinegowrie, 2123 today!

There are some real benefits to you as a donor.... You could get a tax rebate on your total contribution as we are registered as a PBO with SARS. This means you can send in a donation contribution statement with your regular tax submissions. There is no additional work required on your part, as we will send you the necessary donations receipt annually with more than enough time to just add it into your annual return to SARS.

If, however, you are not in position to contribute money towards the Foundation's drive but would like pledge your support to a good cause, please consider a bequest for the Foundation. There is no minimum or maximum donation specifications for a bequest and you will also be remembered for a long time by the people you assisted.
