

# Springs Retirement Village

## Lockdown Wonder Woman

During lockdown some of the residents at Springs Retirement Village have really shown great community spirit by helping out their neighbours but there is a specific resident that has really stood out during this time.

### **Mrs Jean Blakemore.**

This wonder woman has always been ready to lend a hand whenever and wherever she can but during lockdown she has really gone above and beyond for her fellow residents.

She's done shopping for residents, transported residents to appointments, collected items from the pharmacy for residents, collected packages from the gate for residents unable to do so themselves and much, much, much more.

She has done all these things without expecting anything in return, in fact when thanking her for all her help, the humility and modesty she has shown is truly inspiring.

She is a supreme example of the community spirit that is encouraged at Springs Retirement Village, showing compassion and kindness towards our neighbours.
