# PILLOW FORT - PHASE II

Due to inclement weather, phase II of the pillow fort construction project took place indoors. Residents gathered in Plover Hall and enthusiastically worked to build the fort out of pillows of every shape, size and colour.

All pillows were wrapped in plastic as a precaution against Covid-19 infection. This also made sure that the pillows were kept clean.

With the impressive structure completed, it was agreed that the venture was a roaring success.

Much fun was had by all !

Our thanks to the members of the Entertainment Committee for coordinating this exciting event.

**WE DON'T STOP PLAYING BECAUSE WE GROW OLD. WE GROW OLD BECAUSE WE STOP PLAYING**
