“LEAP on the Bus, LEAP on the Boat”

Summerfield Park residents enjoyed an outing to Hartbeespoort Dam on February 28th. The excursion was aptly named in celebration of “leap year” the following day.

There was much excitement as residents boarded the luxury bus to the NSRI base at Hartbeespoort. After a short talk by Mr Arthur Crewe of the NSRI, some of the more courageous residents were treated to a ride around the dam in a rescue boat.

Residents enjoyed the packed lunch prepared by our catering staff before heading home at the end of a very special day out.

We would like to express our gratitude to all those who made this adventure possible. Your hard work and planning has ensured that this will be an outing to remember!
